

 JK TYRE will partner with the country's first and only Truck Racing championship, the Tata T1 Prima Truck Racing championship, at the Buddh International Circuit in Greater Noida for the third consecutive year. The race will take place on Sunday. This year, the championship will witness Indian truck drivers in a separate race. They were selected from a pool of truck drivers employed with Tata Motors key customers all over the country. This year, the Prima race trucks are said to be capable of touching speeds as high as 160 km/hour.
